Yates County Planning Board recommended approval of this application on 1/26/17.
Torrey Planning Board recommended approval of this application on 1/16/17

Mr. Leach would like to build a 12' x 18' lean to on an existing garage for his maple
syrup operation. There will be one solid block side wall on the east. He will tarp the
south-side wall to block weather. He needs an area variance as this lean to does not
meet the setback requirements from State Rte. 14 as allowed in an Agricultural/
Residential District in Torrey Zoning Ordinance § 98.42.

No one appeared to speak in favor or opposition of this area variance application.

There being no further discussion by audience or board members, Chairman thanked all
present and closed the public hearing at 7:10PM

Respectfully submitted,
